TECHNICAL AND OPERATIONAL PROVISIONS (CONTINUED)

SYSTEM LOSSES (CONTINUED).

The obligation to provide for losses on the Company's distribution system is in addition to the obligation of the retail customer to provide for transmission losses in accordance with the rates, terms, conditions, and limitations provided in applicable tariffs on file with the FERC governing transactions over the transmission facilities located in the Company's service territory.

SWITCHING SUPPLIERS AND SWITCHING TO BUNDLED ELECTRIC SERVICE

*** SWITCHING SUPPLIERS.**

Standard Switching

In the event that a (a) lighting retail customer that has established or is expected to establish a 30-minute demand for electric power and energy in excess of 100 kW or (b) nonresidential retail customer to which the Medium Load Delivery Class, Large Load Delivery Class, Very Large Load Delivery Class, Extra Large Load Delivery Class, High Voltage Delivery Class, or Railroad Delivery Class is applicable elects to switch to a different provider of electric power and energy supply service for electric power and energy delivered hereunder, such election is effective on the Company's next normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least seven (7) calendar days after the Company receives a valid and applicable DASR from such different provider and further provided that the retail customer continues to comply with all the prerequisites of service hereunder.

In the event that a (a) residential retail customer, (b) lighting retail customer that has established or is expected to establish 30-minute demands for electric power and energy that do not exceed 100 kW, or (c) nonresidential retail customer to which the Watt-Hour Delivery Class or Small Load Delivery Class is applicable elects to switch to a different provider of electric power and energy supply service for electric power and energy delivered hereunder, such election is effective on the Company's next normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least eighteen (18) calendar days after the Company receives a valid and applicable DASR from such different provider and further provided that the retail customer continues to comply with all the prerequisites of service hereunder.

In the event that ~~the~~ a (a) lighting retail customer that has established or is expected to establish a 30-minute demand for electric power and energy in excess of 100 kW or (b) nonresidential retail customer to which the Medium Load Delivery Class, Large Load Delivery Class, Very Large Load Delivery Class, Extra Large Load Delivery Class, High Voltage Delivery Class, or Railroad Delivery Class is applicable taking service hereunder elects to switch to a tariff for bundled electric service provided by the Company, such election is effective on the Company's next normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least seven (7) calendar days after the Company receives a valid and applicable DASR from the Company and further provided that the retail customer complies with all the requirements for service under such tariff for bundled electric service. If the retail customer does not comply with all the requirements for service under the elected tariff for bundled electric service, such retail customer is switched to Rate BESH.

SWITCHING SUPPLIERS AND SWITCHING TO BUNDLED ELECTRIC SERVICE (CONTINUED)

*** SWITCHING SUPPLIERS (CONTINUED).**

Standard Switching (Continued)

In the event that a (a) residential retail customer, (b) lighting retail customer that has established or is expected to establish 30-minute demands for electric power and energy that do not exceed 100 kW, or (c) nonresidential retail customer to which the Watt-Hour Delivery Class or Small Load Delivery Class is applicable taking service hereunder elects to switch to a tariff for bundled electric service provided by the Company, such election is effective on the Company's next normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least eighteen (18) calendar days after the Company receives a valid and applicable DASR from the Company and further provided that the retail customer complies with all the requirements for service under such tariff for bundled electric service.

A DASR submitted to the Company by a RES that informs the Company of the termination of the provision of electric power and energy supply service by such RES for a retail customer for which the RES has been providing electric power and energy supply service, is designated as a Drop DASR. Any Drop DASR submitted to the Company must be submitted in accordance with this Standard Switching subsection.

Any DASR submitted to the Company for any (a) residential retail customer (b) lighting retail customer that has established or is expected to establish 30-minute demands for electric power and energy that do not exceed 100 kW, or (c) nonresidential retail customer to which the Watt-Hour Delivery Class or Small Load Delivery Class is applicable for the purpose of switching such retail customer's electric power and energy supplier must be submitted in accordance with this Standard Switching subsection.

Nonstandard Switching

A ~~nonresidential or~~ (a) lighting retail customer that has established or is expected to establish a 30-minute demand for electric power and energy in excess of 100 kW or (b) nonresidential retail customer to which the Medium Load Delivery Class, Large Load Delivery Class, Very Large Load Delivery Class, Extra Large Load Delivery Class, High Voltage Delivery Class, or Railroad Delivery Class is applicable may elect to switch to a different provider of electric power and energy supply service for electric power and energy delivered hereunder with such switch effective on a date other than the Company's normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least seven (7) calendar days after the Company receives a valid and applicable DASR from such different provider and further provided that the retail customer continues to comply with all the prerequisites of service hereunder. The nonstandard switching fees provided in the Nonstandard Switching Fee subsection of the Other Charges section of the Rates and Charges part of this tariff are applicable to such retail customer.

SWITCHING SUPPLIERS AND SWITCHING TO BUNDLED ELECTRIC SERVICE (CONTINUED)

*** SWITCHING METERING SERVICE PROVIDERS (CONTINUED).**

In the event that a (a) lighting retail customer that has established or is expected to establish a 30-minute demand for electric power and energy in excess of 100 kW or (b) nonresidential retail customer to which the Medium Load Delivery Class, Large Load Delivery Class, Very Large Load Delivery Class, Extra Large Load Delivery Class, High Voltage Delivery Class, or Railroad Delivery Class is applicable taking service hereunder for which an MSP provides Metering Service switches to an applicable tariff for bundled electric service provided by the Company, such election is effective on the Company's next normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least seven (7) calendar days after the Company receives a separate, valid and applicable DASR for such retail customer from the Company to provide for a switch from such MSP to the Company for the provision of metering service. The effective date of the switch from the MSP to the Company for the provision of metering service must coincide with the effective date of the switch to the aforementioned tariff for bundled electric service.

In the event that a (a) residential retail customer, (b) lighting retail customer that has established or is expected to establish 30-minute demands for electric power and energy that do not exceed 100 kW, or (c) nonresidential retail customer to which the Watt-Hour Delivery Class or Small Load Delivery Class is applicable taking service hereunder for which an MSP provides Metering Service switches to an applicable tariff for bundled electric service provided by the Company, such election is effective on the Company's next normally scheduled meter reading or billing cycle date for such retail customer, provided that such effective date is at least eighteen (18) calendar days after the Company receives a separate, valid and applicable DASR for such retail customer from the Company to provide for a switch from such MSP to the Company for the provision of metering service. The effective date of the switch from the MSP to the Company for the provision of metering service must coincide with the effective date of the switch to the aforementioned tariff for bundled electric service.

*** RESCINDING DASRS.**

Any DASR submitted for a (a) lighting retail customer that has established or is expected to establish a 30-minute demand for electric power and energy in excess of 100 kW or (b) nonresidential retail customer to which the Medium Load Delivery Class, Large Load Delivery Class, Very Large Load Delivery Class, Extra Large Load Delivery Class, High Voltage Delivery Class, or Railroad Delivery Class is applicable may be rescinded provided the Company receives notification to rescind the DASR no later than five (5) calendar days prior to the otherwise effective date of the switch identified in such DASR. Such notification to rescind a DASR must be submitted by the RES, MSP, or the Company, as applicable. A notification to rescind a DASR is not accepted by the Company directly from a retail customer.

Any DASR submitted for a (a) residential retail customer, (b) lighting retail customer that has established or is expected to establish 30-minute demands for electric power and energy that do not exceed 100 kW, or (c) nonresidential retail customer to which the Watt-Hour Delivery Class or Small Load Delivery Class is applicable may be rescinded provided the Company receives notification to rescind the DASR no later than eight (8) calendar days prior to the otherwise effective date of the switch identified in such DASR. Such notification to rescind a DASR must be submitted by the RES, MSP, or the Company, as applicable. A notification to rescind a DASR is not accepted by the Company directly from a retail customer.

**RATE RDS
RETAIL DELIVERY SERVICE**

* _____ (Continued from Sheet No. 77.2)

SWITCHING SUPPLIERS AND SWITCHING TO BUNDLED ELECTRIC SERVICE (CONTINUED)

TERM OF SERVICE AND TERMINATION.

A retail customer's term of service hereunder commences when the Company begins to provide service hereunder. In the event that the retail customer terminates service from the Company under this tariff and does not elect to obtain service from the Company under any other tariffed service at its premises due to the fact that such retail customer is vacating the premises, service hereunder continues for not more than ten (10) days after the date such retail customer vacates the premises, provided the retail customer provides timely notice to the Company to terminate service hereunder at such premises.

Notwithstanding the provisions of the previous paragraph, for a situation in which a lighting retail customer terminates service under this tariff and does not elect to obtain service from the Company under any other tariffed service due to the fact that such lighting retail customer is abandoning the lighting system for which service hereunder has been provided, the lighting retail customer must provide the Company with sufficient notice to enable the Company and the lighting retail customer to cooperatively coordinate the termination of service hereunder to coincide with the abandonment of such lighting system.

To the extent that the retail customer is eligible for service under, and meets all requirements pertaining to, a tariff for bundled electric service provided by the Company, such retail customer has the right to terminate delivery service hereunder from the Company and switch to such applicable bundled electric service tariff in accordance with the applicable provisions described in the Switching Suppliers section of this Switching Suppliers and Switching to Bundled Electric Service part. Notwithstanding the previous provisions of this paragraph, a nonresidential retail customer obtaining directly procured electric power and energy supply, as applicable, under Rider PPO that is delivered hereunder is not allowed to switch to a tariff for bundled electric service during such retail customer's term of service under Rider PPO. Such retail customer must continue to take service hereunder for the duration of its term of service under Rider PPO.

If the Company determines that Rate RESS is no longer available to a RES, if the RES ceases to be a RES, if the Company terminates Rate RESS service to a RES, or if the RES is no longer providing electric power and energy supply service to individual retail customers, the Company notifies such retail customers that had been provided electric power and energy supply service from such RES that such RES is no longer providing or is not qualified to provide electric power and energy supply service. Such retail customers are switched to service provided under an applicable tariff for bundled electric service as of the time of the discontinuance of service to the RES.
